Dear Mr. Sharma,

Attached please find the Regional Water Board's approval of the Monitoring Plan and Quality Assurance Project Plan for the subject Facility. In accordance with Order No. R4-2017-0039, please implement the approved Monitoring Plan and Quality Assurance Project Plan within six months from the issuance of this approval.

Summary: On March 28, 2018, Equilon Enterprises LLC dba Shell Oil Products US (the Discharger) submitted a draft Monitoring Plan and Quality Assurance Project Plan (Draft Plans) as per the Harbor Toxics TMDL Regional Monitoring requirements included in the NPDES permit Order No. R4-2017-0039 for the subject Facility. Regional Water Board provided comments on the Draft Plans on May 4, 2018, and the Discharger submitted a revised Draft Plan on June 22, 2018, incorporating the Regional Water Board's comments. On June 26, 2018, the Regional Water Board released the revised Draft Plans for public comment. One set of comments from Heal the Bay was received on July 26, 2018. The Regional Water Board considered all comments received, and made recommendations to the Discharger addressing these comments. The Discharger submitted the revised Draft Plans on September 12, 2018, incorporating Regional Water Board staff recommendations. The Regional Water Board has approved the revised Draft Plans included herewith.

Thank you very much. Please do not hesitate to contact me if you have any questions.

Sincerely,

Ching Yin To, P.E.
